 The charge associated with maintaining the account (e.g. meter reading, billing, etc.).

Energy Charge:
 The charge for the total energy use expressed in Kilowatt-hours (kWh) in the billing period and, for some rates, each time-of-use segment in the billing period.

Bill Due Date:
 Bills are due fifteen (15) days from the date of the bill.

Late Payment Charge:
 Any charge or fee not paid fifteen days from the due date will be assessed a late payment penalty fee. A reminder notice will be sent 30 days after the due date if the amount remains unpaid. Thereafter, a delinquent account may be subject to disconnection of service.
